Horrible elitist question, probably written by Land Rover owners; for shame!

Question 32b

Section of Document:

Your View  □ Agree □ No opinion ✓ Disagree

Reason for comment:

Very difficult document to read and not easy to answer the questions with only the two options of agree and disagree. Not long enough time for people to fully understand the implications, have meetings, ask the relevant questions and receive helpful answers. A local councillor at one of our meetings said that the core strategy was a big question mark only. I presume therefore that there will be much more time for consultation. Queries and points that have come to mind: 1 - in the 1990s the committee of the village hall compiled and published a village appraisal in which it was agreed that infill was the answer. 2 - Two brown sites (old brickyards) were put forward for building by Firle Estate - one as a small industrial unit by the station and one for luxury housing opposite the reservoir, access very poor. 3 - The main road was downgraded from B to a C - corner by the station very narrow and curving. Footpaths on one side only 4 - No gas here and electricity still above ground 5 - Drainage just about coping at moment 6 - Would water supply from Friston Forest be adequate? 7 - Obviously other areas would breathe sigh of relief if Berwick became a new settlement but it would be much fairer if every present settlement had its share of housing - spread over the Wealden District 8 - At the moment no bungalows of any type or flats are allowed to be built on the north side of the station. I presume Firle Estate would waive this when they sold the land? 9 - Where are all the people coming from? Where are all the jobs? 10 - I believe it was first mooted in 1937 that the A27 should be a dual carriageway.

Question One

Section of Document: Settlements in the High Weald Area of Outstanding Natural Beauty

Your View  □ Agree □ No opinion ✓ Disagree

Reason for comment:

Most villages could incorporate some infill and ribbon development; a template for such development could be taken from the Willetts field development, Muddles Green.

Consultee ID: 115024

Part of document:  
- Option 4c

Section of Document:

Your View: Agree
Reason for comment:
A green belt should be reserved between Hailsham and any new development. The planning department should also consider improvements to the Cophall roundabout and A27 between Beddingham and Polegate.

Unless strong evidence is shown in support for planning.

The threat of urban sprawl must be taken into account.

**Reason for comment:**
### Option 7c

**Reason for comment:**

Growth should be capped (i.e. 10% over 5 years) to ensure character of community.

### Option 9c

**Reason for comment:**

### Option 7d

**Reason for comment:**

The distinction between large and small Local Service Centres appears to be fluid. Buxted, East Hoathly and Westham are represented as Smaller Local Service Centres despite being larger in size than Herstmonceux and Horam.
Consultee ID: 115024

Option 8a

Section of Document:

Reason for comment:
The infrastructure cannot cope with plans already conceived- as dictated in the non statutory local plan- therefore further development in this area cannot be achieved successfully.

Section of Document: Infrastructure Requirements
Your View ✔ Agree □ No opinion □ Disagree
Reason for comment:
It is vital to ballast existing infrastructure by eradicating problems and developing further infrastructure. Dual examples are the water and sewerage facilities in Hailsham and Uckfield- which I fully support- and the building of roads which I do not support.

1. 
   *Question Twenty Nine*
   *Reason for comment:*
   
   Agree with most, however concern expressed about Eastbourne/Hailsham triangle which I believe would work against the other parts of spatial vision.

2. 
   *Question 31b*

"part agree / part disagree Transport Any areas of search are meaningless (particularly for housing and economic development until the H Agency publish a preferred route for the A27. This is not likely until 2015. I am therefore opposed to all development west of the A22"

**Reason for comment:**

1. Questionaire inadequate, town meeting(s) needed. 2. First time home buyers should have precedence and facilities for new housing must be varied and to a high standard. 3.Buisness parks not utilised and road systems terrible.

Other issues must be considered 1) no area should be developed that is a possible flood plain or would affect a flood plain 2) areas of outstanding natural beauty must be preserved 3) no wild life, particularly protected species such as badgers should be affected

In the Core Strategy wildlife corridors are mentioned but nowhere in the questionnaire do we have the opportunity to comment on this. The whole concept of a new settlement at Berwick and North East of Berwick Station is flawed. You say 4700-7000 houses could be hidden in folds of the land, what folds? It is a flat area. Ecological disaster for Arlington reservoir SSSI and the Cuckmere River Several historic sites in the area including an iron age settlement A tranquil area with very low noise readings Excessive light pollution dark skies would be lost for ever and would no longer be able to see the Milky Way with the naked eye. The river floods very badly The roads in the area could not cope with extra traffic one example, alternative route to Eastbourne through Littlington.

It is important to protect the character of our villages and to ensure they remain separate from the urban sprawl. Southern part of Wealden will be adjacent to, and in- a dual role unique to this district- the eastern end of the proposed South Downs project. A public transport link should therefore be created through either Berwick or Polegate.

Affordable housing for key workers. More sheltered housing for ageing population. Do we need a business park? Surely it will only attract more people to make it necessary to build more houses.

**Reason for comment:**

I feel that the Sussex Coast Policy Area is being asked to take more than its fair share of housing bearing in mind its size in relation to the rest of Wealden. Also, the fact that as incomes are considerably higher in Wealden, we will have a greater problem of low cost housing in the SCPA. Our roads in SCPA are already used to capacity particularly in the holiday season - more roads, more cars, we will soon have reached gridlock.

Question 32b

Section of Document:

Your View ✗ Agree □ No opinion □ Disagree

Reason for comment:

I feel that there has been too much development over the years. Thousands of new houses have been built on the crumbles. The town is losing it's A&E Unit at the DGH the traffic situation is unbearable at peak times of the day. The drains can't cope with the extra vamount of water, we have seen more flooding. Lets keep development to within the town. There are plenty of empty buildings, old gas work stations, etc. Please don't ruin all of our lovely villages.

Question 31b

Section of Document:

Your View  ☑ Agree □ No opinion □ Disagree

Reason for comment:

I totally disagree with this new proposed settlement (Berwick) and it should not be allowed in this tranquil unspoilt area. Arlington residents now have a water supply problem - either non at all or brown/orange from inlined pipes. How can South East Water cope with supplying more homes in the area. It would mean chaos on the local roads with the villages clogged up with thousands more cars.

Question 32a

Section of Document:

Your View    ☐ Agree    ☐ No opinion    ☑ Disagree

Reason for comment:
It is difficult to respond to this questionnaire as it appears to lead the responder, rather than be open to strong resident views and opinions. In this and in other ways it feels that a 'hollow gesture' has been made with regard to Council seeking residents wishes: that is to say it seems although our views have been solicited, these are not greatly going to influence Council decisions. If this is not the case, and council genuinely wishes to respond to residents wishes, Council needs to re-consider how it enables residents to respond. The consultation period should be extended to compensate for the way 'consultation' has been conducted.
